<p>The application will cause enormous traffic problems on the main road with queuing vehicles, especially at peak times and also on the multiple occasions when there are issues with traffic flow on the M62. In turn, this will cause issues to pedestrians and also school attendees, BBG has over 1000 pupils). It will also be unsightly in a small village with large street side signage. Although it states 'hand' car wash in the application, they will undoubtedly use commercial high power jet washing machines, which will cause a noise issue for all households in the vicinity.</p>
