<p>Concern of where the waste water will run to, water being full of chemicals which are used to clean hgv's going directly into the waterways which will have a serious effect on the enviroment and wildlife, we have deer and badgers in Birkenshaw.</p> <p>Being a resident who lives on street behind this I find this very worrying. Water already stands on Tetley Drive after rainfall, due to drains not being able to cope, our gardens also flood due to the clay underneath the gardens.</p> <p>Impact on traffic which is an absolute nightmare at the best of times.</p> <p>Illegal workers who seem to work at these places, unsightly surroundings, we don't need a carwash there's plenty in Birstall & Batley.</p> <p>Extremley concerned resident.</p>
