<p>I wish to object with regards to the planning application as I have great concerns about the impact the additional traffic will have on Whitehall Road, additional traffic is often diverted this way due to issues on the motorway the road can not cope with any extra, cars are often parked on the pavement in the vicinity which already causes issues from pulling out of side street on to the main road, there is a secondary school just on the doorstep with you pupils walking across the entrance and exits if there are hand wash bays created cars will be reversing in and out which will create additional hazards for pedestrians.</p> <p>There will be noise disturbances / pollution from the staff who will be working there, music from cars and engines revving. We already have a problem on the bypass with cars, this will add to the issue.</p> <p>Also Birkenshaw has a nice character adding a hand wash car wash to the area will most definitely cause a negative affect and make the area less attractive.</p>
