<p>With the shocking felling of the Queens gate market trees last week. I object to the felling of the Queens Street trees. These seven trees should be in pride of place in this development but seem destined to be removed. Two lime trees, two beach trees. A London plane 7 meters wide. A Norwegian maple and a extremely large unidentified tree. These trees are the town. They are the view. They support our town wildlife and help with the climate emergency. They are the air we breath. Felling these trees would be a travesty. Keeping them would put the publics faith back in the council after such a terrible error of felling the Queensgate market trees.</p> <p>Save the trees Kirklees.</p>
