<p>I am the tenant at New House Farm Cottage and I am in full support of this application. These plans would change the aspect of the cottage, giving privacy to both myself and to the next door neighbours. Presently I look out of my kitchen window directly into the living room of next door. These plans would remove the window and my aspect would be straight across the valley and not into a neighbour's property. This would benefit not only myself but also the neighbours. As the tenant of this property, the proposed changes would greatly improve my living accommodation, extending what is a very small kitchen . I do not believe these plans are detrimental in anyway and would only improve the look of the building and my experience, and future tenants' experience.</p> <p>Thank you</p>
