The proposals in their current form, to extend No 19 Cheviot Way, will produce a greatly extended property that will be out of keeping with all other properties on Cheviot Way. The proposed southern aspect of the extension will impact on views that we have, both from out living room, bathroom and loft. We also suspect that there will be some loss of light as a result. Taking a significant bite out of the rear garden on No 19, will in our view have a detrimental effect on the outside space and will not sit well with current environmental considerations. Overall, we believe that the desire of producing a property on this scale would be better suited to a larger plot of land, that is not part of a well established street of houses or certain size and aspect.
