Proposed changes to 19 Cheviot Way Upper Hopton, Mirfield, WF148HW

Dear Sirs,

In response to your letter dated 2nd April 2024 I comment as follows.

I have read all the concerns that affected neighbours submitted. My submission was not even recognised on your list.

The changes we are asked to reconsider to the original application do not address the main complaint and give very little new information to

make a considered reply. Add to this, the time we are given to prepare comments is inadequate. Why the rush?

Is the small reduction in extension size the only modification being proposed.?

The main concern of all affected neighbours is the considerable issue of the PRIVACY of others.

The Balcony should not even be under consideration as it overlooks several properties at the rear of No. 19.

There were many other smaller issues regarding the proposed extension. Mainly changes which are not in keeping with the original design.

It will be to the dismay of all residents who find this area a very desirable place to live.
