

51 Halifax Road
WF13 4AS

Variation of condition 3 (activity hours) on previous permission 2020/92527 for change of use of part of lease vehicle garage (sui generis) to retail (Class E)

I object to the above Planning Permission for the following reasons:

-Noise and disturbance:

There is constant commotion outside of my house due to the shop from the hours of 7pm till 11pm (sometimes after 12am) causing disturbance to myself and my children.

-Design, appearance and layout:

The shop has very bright lights (like a football stadium) which are disturbing because they shine on and into my property. There is no car park for the shop so people are parking on the street and blocking my drive which is causing major problems.

-Privacy and being overlooked:

We have no privacy, every time we leave the house we are in spotlight to them and their customers.

-Effect on trees and the landscape:

Their customers always lean against my wall which has caused it to break as well as breaking some branches of my tree which is the only source of coverage I get from them.

-Litter:

They close the shop without doing a trash walk resulting in litter being left all over the street and in my garden
