<p>The 2.5 storey house is planned to be built on the land next to my house and its location would block sunlight to the back garden , Kitchen and driveway.</p> <p>The land is also part of a current through way that many kids use from Honey head lane to safely get to the bus stop opposite 75 Bradshaw Road.</p> <p>I also think, looking at the plans the house design would not fit in with the current structures either side and look would look out of place.</p>
