<p>I am objecting to the proposed loss of the access path running from Honey Head Lane through to Bradshaw Road. This path provides a very useful and enjoyable residential amenity, that has been well used by many residents of the development. This path is clearly identified in the original Land Registry document of the development and closure would overturn the previous decision made by the council.</p> <p>I would also like to raise 2 concerns.</p> <p>Firstly, how will the land to the the rear of 40/42 Honey Head Lane be used, as this is unspecified on the plans. Depending on its use there is the potential for nuisance and noise disturbance for adjacent properties from vehicular parking/access.</p> <p>Secondly, as it is unclear who will own the strip of land to the rear of 40/42 Honey Head Lane, how will my right to enter other parts of the development for the repair and maintenance of my fence be affected?</p>
