[2024/90616 Honey Head Lane, Honley](#)

Further to my call with John this afternoon, if the LPA is minded to determine the above application and grant p.p. then I would ask that the following footnote is included in any consent decision letter.

STARTS

FOOTNOTE: The land within the application red line boundary carries a route subject of an application claiming the existence of public rights of way. Under the Wildlife & Countryside Act 1981, the definitive map modification order ("DMMO") application seeks the recording of a public bridleway on the definitive map and statement of public rights of way, by order. The grant of planning consent or development further to planning consent would not affect the recording of any public rights of way that may subsist, and interference or obstruction of the way in question would be at the risk of the operator and land holder. For further information, contact the Council's public rights of way team at publicrightsofway@kirklees.gov.uk or by post to Public Rights of Way, PO Box 1720, Huddersfield HD1 9EL or telephone 01484 221000. DMMO application reference: 353.

ENDS

The DMMO application has not been determined by the Council and PROW officers have not yet drawn any conclusion on whether public rights have been shown to subsist.

Regards,
Giles

Giles Cheetham
Public Rights of Way Manager

Public Rights of Way, PO Box 1720, Huddersfield HD1 9EL
☎ 01484 221000 and ask for Giles Cheetham or ext no 74205
