Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
No notification from Kirklees Planning about this proposed work. In late February a tree was cut down and burnt, the resultant ash was deposited on my washing, conservatory and garden furniture, I spoke to the builder who stated" just doing what the owner wants" I contacted Kirklees Environmental Health (WK/202406744) who visited the owners and made them aware of their responsibilities As a result of this tree being removed my privacy has been compromised as you can see into my bedroom from the existing back bedrooms of the said property The builders have also built a new wall, about 1 metre high, across the back garden within a metre of the existing boundary wall, this is not shown on any plans, and both this and the felling of the tree were Not stated on Mirfield Designs Drawings, additionally there is an underground stream that runs along the back of our properties not noted by the above Company Finally the noise from the builders from 7:30 till late evening including weekends is not in accordance with the Environmental Protection Act 1990 and is causing a nuisance to all us residents and is unacceptable
