<p>We already have at least 3 properties on this road that have been built or extended on on this street, with a total disregard to neighbouring properties, blocking out neighbouring houses natural light and so close, that i find it unbelievable that kirklees council approved them!</p> <p>Parking is an issue at the top of newsome avenue by st johns avenue, which is dangerous as you cant see round the corner due to cars parking right on the corner of newsome avenue on both sides and this is because planning permission was granted for extensions/another property previously.</p> <p>I feel the angle of the house will overlook and cause issues with other peoples privacy. I feel that as a neighbouring property the building will cause so much disruption especially to those who work shifts. I personally dont feel i could cope with the noise and disruption this would cause, as im sure other neighbouring homes will too.</p> <p>There was a garage there before, why not build another garage? Another house where they intend to build will not be in keeping with the rest of the properties on the street, it will look odd and stupid.</p> <p>I hope kirklees council take into account neighbouring properties as they havent previously on this road.</p>
