

**Consultation Response from KC,
Highways Development Management**

2024/90769 adj, 27, Riley Park, Kirkburton, Huddersfield, HD8 0SA

Erection of one detached dwelling and associated works

Date Responded: 13-8-2024.

Responding Officer: Mark Berry.

Responding Ref: 12-42-2.

The highways consultation response dated 22nd July concluded that the bin collection point should be shown to be provided to enable bins to be presented on collection day without either obstructing the highway or proposed driveway.

The applicants have provided plan number 3107 001 rev B (Proposed Site) showing an acceptable bin collection point.

The Highways Structures Section asked that the applicants should submit fully detailed and dimensioned X-sectional drawings perpendicular to Riley Park in the vicinity of the proposed access road to assess the impact of their proposals on the adjoining highway to determine whether a formal technical approval (via submission of an AIP) will be necessary.

These don't appear to have been provided and further information is therefore still required.
