Address of the site or building:	Former Whiteley Engineering Works Site, St. Peg Lane, Cleckheaton, BD19 3SH
Postcode:	WF16 0EN

User comments

Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	No
<p>Spen Valley Civic Society comments: "Industrial use of this site is wholly appropriate and welcome, as it has stood empty for many years. However we note that the business will require large low-loader lorries to be entering and leaving the site daily, transporting the containers and components from the company's main site in Heckmondwike. St Peg Lane is a normal width road, busy with school children & parents' cars at the adjacent Primary School; frequent buses to and from Leeds etc; and vehicle traffic coming fast down the hill from Gomersal. We ask that the Council scrutinises the effect of heavy vehicle movement, and check the impact on residential amenity for citizens living in the houses opposite the site." We do not require our comments to be anonymised.</p> <p style="text-align: right;">Secretary, Spen Valley Civic Society</p>
