Date: 30-Apr-2024

OFFICER RECOMMENDATION

DISCHARGE OF CONDITION A.4 , SCHEDULE 2, PART 1, CLASS A GENERAL PERMITTED DEVELOPMENT ORDER

1. Procedural Matters

Prior notifications for the erection of single storey rear extensions to dwellings are considered against the requirements as set out by the Town and Country Planning (General Permitted Development)(England) Order 2015 (as amended) Schedule 2, Part 1, Class A, condition A.4.

Proposals pursuant to Class A are permitted subject to limitations set out in paragraph A.1 and in the case of Class A.1 (g) subject to the discharge of condition A.4. This proposal relates to development pursuant to Class A where condition A.4 is engaged and for the purposes of this assessment only the limitations for Class A.1 (g) and requirements of condition A.4 are considered. Other limitations within Class A are not considered other than where, in the opinion of the Local Planning Authority, the development does not comply with the limitations within Class A of the Order. Ultimately the responsibility to ensure the development is carried out in full accordance with any planning permission rests with the applicant or property owner/occupier.

Limitations for Class A.1(g) Development

Is the site within a Conservation Area, Article 4 or SSI area?	No
Is any part of the proposal clearly outside the curtilage of the dwellinghouse?	No
If the house is detached and from the information submitted, does the extension extend more than 8 metres from the rear of the original dwellinghouse?	N/A
If the house is not detached and from the information submitted, does the extension extend more than 6 metres from the rear of the original dwellinghouse?	No
Does the proposal exceed 4 metres in height?	No

Have permitted development rights been removed from the property?	No
---	----

Condition A.4

As part of the notification procedure, the Local Planning Authority notify owners or occupiers of adjacent premises of the proposed development by serving notice and allowing 21 days for objections to be made. The Local Authority shall take into account any representations made as a result of the notice given.

Consultation start date : 20 March 2024

Consultation end date : 10 April 2024

1. Objections

1.1 Summary of representations: -None received

1. Assessment

No requirement to assess amenity as no representations have been received.

The existing property includes a rearward projection partial along the rear elevation of the existing dwellinghouse. The proposed enlargement projects beyond the side elevation of this rearward projection and although if the rearward projection is considered original to the dwellinghouse the proposed enlargement is not more than half the width of the original dwellinghouse and therefore consistent with Class A, Part 1, Schedule 2 of the Town and Country Planning (General Permitted Development)(England) Order 2015(as amended).

Notwithstanding this, historical maps from 1965 indicate the rear projection is detached from the dwellinghouse and therefore not part of the original dwellinghouse. Moreover, any link subsequently erected to adjoin it to the original dwellinghouse does not adjoin the proposed extension and thus consistent with sub-paragraph (ja) of the Order.

2. Recommendation

Prior Approval is not required.
