<p>Given that plots 6&7 of the propose site will directly overlook my property in that their bedrooms will look directly into ours and also effect our privacy overall, I object to the current layout.</p> <p>If these 2 plots could be rotated (plot 6, 45 degrees anticlockwise and plot 7, 45 degrees clockwise) which there is ample space for then this would significantly reduce my objection as I have no objection to turning the site into a residential site overall.</p>
