<p>This proposed development would result in a much larger property than at present. The loss of the existing garage results in considerable loss of off-road parking compared to the present property layout.</p> <p>The increase in occupancy is likely to increase the number of vehicles at the property but with little provision for parking other than on Woodlands Road.</p> <p>The increase in the property footprint is likely to increase issues with the run-off of rainwater and compound issues with handling this extra load on the systems in place.</p>
