To whom it may concern.

I am writing concerning the construction of the outhouse of 53, PURLWELL AVENUE, as a resident in the neighboring property and having lived next to the current occupants since the time they have arrived 36 years ago. I would like to highlight their exceptional neighbourly conduct throughout this process, they have consistently demonstrated exemplary consideration and respect. During the construction of the outhouse, they have gone above and beyond to ensure minimal disruption.

Moreover, I am pleased to report that the construction of the outhouse has had no adverse effects on my property, not encroaching upon my space or obstructing my view in anyway. I want to express my satisfaction with the construction process and

emphasize that I have no objections towards the building. their thoughtful approach to being good neighbours has only reinforced my positive opinion of them

Best wishes
