

Objection to Planning Application number 2024/90881

My name is

I live at 138 LONGWOOD ROAD, HUDDERSFIELD, HD3 4EJ

I would like to lodge an objection to the above application submitted by Longwood Property Management Ltd to build two houses on land between 155 Longwood Road and 173 Longwood Road.

The area on which they wish to construct housing is in my view inappropriate as it is currently a sanctuary for wildlife as it is known that foxes and young cubs habitat within it, it is a nesting area for many birds including currently doves and an area frequented by bats flying at nights.

Also we have enjoyed for many years the open aspect of this area of land and the development of three storey buildings will be an eyesore in my opinion. But perhaps more importantly the addition traffic that possibly four cars driving in and out of a small area in front of the proposed properties will have on road safety. Longwood Road is a very busy thoroughfare and with parking on both sides of the road the allowed development will only add to congestion. This clear area between numbers 155 and 173 allows cars currently to pass in safety.

Would Planning please take into account this objection in its assessments.

Yours Faithfully,
