

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2024/62/90881/W

To: Chris Gentle
Northlight Architecture
The Media Centre
7, Northumberland Street
Huddersfield
HD1 1RL

For: FAZ SADIQ, LONGWOOD PROPERTY MANAGEMENT (UK) LTD

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

ERECTION OF TWO DWELLINGS

At: LAND ADJACENT, 155, LONGWOOD ROAD, PADDOCK, HUDDERSFIELD,
HD3 4EH

**In accordance with the plan(s) and applications submitted to the Council on
25-Mar-2024, subject to the condition(s) specified hereunder:-**

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP01, LP02, LP03, LP07, LP21, LP22, LP24, LP28, LP30, LP33, LP34, LP51, LP52 and LP53 of the Kirklees Local Plan, the Principles of the Housebuilders Design Guide SPD, and Policies within Chapters 2, 12 and 14 of the National Planning Policy Framework

3. Prior to the construction of the dwellings hereby approved above slab level, details of all the external facing materials of the walls of the dwelling shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the dwelling shall be erected in accordance with the approved details and retained as such.

Reason: In the interests of visual amenity and to accord with Policy LP24 of the Kirklees Local Plan, Principles 2 and 13 of the Kirklees Housebuilders Design Guide SPD and Chapter 12 of the National Planning Policy Framework.

4. Prior to the construction of the dwellings hereby approved above slab level, details of the external roofing material of the dwelling shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the dwelling shall be carried out in accordance with the approved details and retained as such.

Reason: In the interests of visual amenity and to accord with Policy LP24 of the Kirklees Local Plan, Principles 2 and 13 of the Kirklees Housebuilders Design Guide SPD and Chapter 12 of the National Planning Policy Framework.

5. Prior to first occupation of the dwellings hereby approved, the approved boundary treatments shall be erected or constructed before the dwelling is first occupied and shall thereafter be retained.

Reason: In the interests of visual and residential amenity, and to comply with Policy LP24 (a&b) of the Kirklees Local Plan, Principles 5 and 13 of the Kirklees Housebuilders Design Guide SPD and Chapter 12 of the National Planning Policy Framework.

6. The dwellings hereby approved shall not be occupied until all areas indicated to be private drive and parking areas on 'Proposed Site Plan. Drawing no. 24.1215/(AL)01.' shall be laid out with a hardened and drained surface in accordance with the Communities and Local Government; and Environment Agencies 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or any successor guidance. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended (or any Order revoking or re-enacting that Order) these areas shall be so retained, free of obstructions and available for the parking of vehicles.

Reason: To ensure that sufficient parking is provided for the site and to accord with Policies LP21, LP22, LP24 and LP28 of the Kirklees Local Plan, Principle 12 of the Kirklees Housebuilders Design Guide SPD and Chapters 9, 12 and 14 of National Planning Policy Framework.

7. The development hereby approved shall not be brought into use until a scheme of measures relating to the provision of habitat for wildlife and biodiversity enhancement, has been submitted to, and approved in writing by, the Local Planning Authority. The submitted scheme shall set out the existing biodiversity value of the site and propose sufficient biodiversity-led features to provide biodiversity net gain and include the provision of the following measures: - (i) Provision of bat tubes, (ii) provision of bird boxes, (iii) provision of hedgehog holes within boundaries and (iv) planting of native species including trees across the site. The development shall not be brought into use until the approved scheme has been completed. The approved scheme shall be thereafter retained for the lifetime of the development.

Reason: To enhance opportunities for biodiversity at the site and to accord with national policy set out in Chapter 15 of the National Planning Policy Framework, Policy LP30 of the Kirklees Local Plan, and Principle 9 of the Housebuilders Design Guide SPD.

8. Groundworks shall not commence until actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study Report) by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

9. Where further intrusive investigation is recommended in the Preliminary Risk Assessment approved pursuant to condition (CLC1) groundworks (other than those required for a site investigation report) shall not commence until a Phase II Intrusive Site Investigation Report by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

10. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to condition (CLC2) further groundworks shall not commence until a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

11. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to condition (CLC3). In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered [in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report] is identified or encountered on site, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority.

Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

12. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy, a Verification Report by a suitably competent person shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as the remediation measures have been completed for the site in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Verification Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework.

FOOTNOTE: All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2023. Reports must be prepared in accordance with the following guidance:

- Land Contamination Risk Management (LCRM)
- BS 10175:2011+ A2:2017 Investigation of Potentially Contaminated Sites. Code of Practice
- Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020 by the Yorkshire and Lincolnshire Pollution Advisory Group

The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

FOOTNOTE: Planning permission only means that in planning terms a proposal is acceptable to the Local Planning Authority. Just because you have obtained planning permission, this does not mean you always have the right to carry out the development. Planning permission gives no additional rights to carry out the work, where that work is on someone else's land, or the work will affect someone else's rights in respect of the land. For example, there may be a leaseholder or tenant, or someone who has a right of way over the land, or another owner. Their rights are still valid and you are therefore advised that you should seek legal advice before carrying out the planning permission where any other person's rights are involved.

FOOTNOTE: The changes to the access within the adopted highway fronting the property will need to be constructed under a section 184 agreement of the 1980 Highways Act (vehicle crossings over footways and verges). You are required to consult the Design Engineer (Kirklees Street Scene: 01484 221000) with regard to obtaining this permission and approval of the construction specification. Interference with the highway without such permission is an offence which could lead to prosecution.

FOOTNOTE: All bin storage and presentation points are required to be:

- Located close to, but not on, an adopted highway at the boundary of the curtilage no more than 25m from the storage point and not in a location requiring bins to be manually moved through a building, car park or passed parked vehicles.
- Sited away from windows and doors in case of fire/arson attack to enable safe emergency exit.
- On hardstanding, situated to allow convenient, level and unobstructed access for collection crews, with dropped kerbs where necessary.
- Positioned with consideration for minimising 'bin blight' on collection day – large groups of bins outside windows or blocking driveways or footpaths create a nuisance for residents and highway users.
- In conformity with Building Regulations 2010 Part H6 which states that the route between storage and presentation points should not require bins to be moved up/down slopes of more than 1:12 or multiple steps.

FOOTNOTE: Building Regulations (2021 edition) control the provision of Electric Vehicle Charging Points for new residential buildings under Approved Document S 'Infrastructure for the charging of electric vehicles'. Building work must meet all relevant requirements of the Building Regulations. To comply with the Building Regulations, it is necessary both to follow the correct procedures and meet technical performance requirements for building work to be found acceptable.

FOOTNOTE: Whilst the grant of planning permission is given, the applicant should be aware that Planning Permission does not override legal covenants on properties or Private Rights of Way as these private matters fall outside the remit of the Local Planning Authority. Applicants are reminded that they ensure that the relevant land ownership should be respected and that the works carried out is lawful.

FOOTNOTE: Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

FOOTNOTE: No construction related noise shall be audible beyond the site boundary outside the hours of:

07.30 to 18.30 hours Mondays to Fridays

08.00 to 13.00 hours, Saturdays

With no construction related noise audible beyond the site boundary on Sundays or Public Holidays.

Reason: To safeguard the amenities of the occupiers of nearby properties in accordance with Chapter 15 of the NPPF and LP52 of the Local Plan

FOOTNOTE: The site is located within the Kirklees Bat Alert Layer and there is an increased potential for roosting bats. Bats are a European protected species under regulation 41 of the Conservation of Habitats and Species Regulations 2017 (as amended) and Schedule 5 of the Wildlife and Countryside Act 1981 (as amended). It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not. If bats are discovered on site, development shall cease and the applicant is advised to contact Natural England for advice.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Location Plan	Drawing no. 24.1215/(EX)01	Unamended	26/03/2024
Proposed Site and Streetscene Elevation Plans	Drawing no. 24.1215/(AL)01	B	02/08/2024
Proposed Elevation and Floor Plans for Plot One	Drawing no. 24.1215/(AL)02	Unamended	26/03/2024
Proposed Elevation and Floor Plans for Plot Two	Drawing no. 21.1215/(AL)03	Unamended	26/03/2024
Swept Path Analysis	EC49-24-19-E-01	0	02/08/2024

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

The agent was requested to re-check that the correct Certificate of Ownership was submitted and confirmed after their checks that Certificate A was valid. Officers are unable to lawfully pursue matters further as this would be ultra vires with regard to planning legislation.

The case officer considered the application on review and sought amendments to the scheme to more closely reflect Housebuilders Design Guide SPD guidance on front amenity spaces. On reflection, considering the potential impacts of a tighter parking area causing obstruction on the classified road and the locality and supported by a swept path analysis, Officers proceeded to determination.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "submitted to and approved in writing by the Local Planning Authority".
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

DEVELOPMENT LOW RISK AREA – STANDING ADVICE

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 23-Sep-2024

Signed:

David Shepherd
Executive Director for Place

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at www.kirklees.gov.uk/planning, and by clicking on the 'search planning applications and decisions' and by searching for application number 2024/62/90881/W.

If a paper copy of the decision notice or decided plans are required please email dc.admin@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:
