Subject: Application: 2024/62/90938/E; 18, South View Road, East Bierley

I refer to the above application and I am writing on behalf of the East Bierley Preservation Society.

The application sits within the East Bierley Conservation Area and opposite the Memorial Gardens with the development likely to fundamentally alter the vista along this key route into the village, breaking up the traditional stone wall effect. The Society's Constitution aims to preserve and improve the village of East Bierley and we can see no benefit to the village in granting this application.

Kind regards
