<p>I strongly object to the proposals of further additional potential properties on this site. This will negatively impact on the trees and landscape of the site, further eroding the natural habitat of the area.</p> <p>Further potential properties will extremely negatively impact on the natural light, sunlight and daylight and privacy on my property in particular and also to neighbouring properties. My home will potentially be overlooked directly where all my existing windows are; virtually wiping out any privacy.</p> <p>Further additional properties will also potentially have an effect on existing housing already on the site no doubt making their outside spaces smaller than already proposed.</p>
