| <p>I object to the installation of an external pergola and power for heating and lighting, as I strongly believe that this will lead to an increase in anti-social noise levels and behaviour, and the negative effects this will have on the residents in the immediate area. These are factors that the council have already been made aware of via other forms of communication.</p> <p>The proposal will exacerbate the current anti-social and nuisance behaviour in the area.</p> <p>I wish for my address to be redacted from any publication of these comments.</p> | |
