

**Town and Country Planning (Development Management Procedure) (England)
Order 2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2024/70/91088/E

To: Tom Edwards
WHp Group Ltd
7, Station Road
Stocksmoor
Huddersfield
HD4 6XN

For: Paul Brown, Delevingne Flockton Ltd

**In pursuance of its powers under the above-mentioned Act and Order the
KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning
Authority hereby permits:-**

VARIATION OF CONDITION 2 (PLANS) ON PREVIOUS PERMISSION
2023/90171 FOR DEMOLITION AND RE-BUILDING OF EXISTING
FARMHOUSE WITH EXTENSIONS AND THE ERECTION OF ONE DWELLING
(AMENDED HOUSE TYPE)

At: LAND AT, WESTFIELD FARM, BARNSLEY ROAD, FLOCKTON,
HUDDERSFIELD, WF4 4DW

**In accordance with the plan(s) and applications submitted to the Council on
17-Apr-2024 [together with those plans and application(s) submitted to the
Council on 18-Jan-2023 and incorporated into planning permission 2023/90171
granted on 07-Jul-2023] and subject to the condition(s) specified hereunder:-**

1. The development hereby permitted shall be begun before 7th July 2026.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning
Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to ensure the satisfactory appearance of the development on completion, and to accord with Policies LP1, LP2, LP3, LP7, LP11, LP20, LP21, LP22, LP24, LP28, LP30, LP51, LP52, LP53 and LP59 of the Kirklees Local Plan, and the aims of the National Planning Policy Framework.

3. Before development commences on the superstructure of the dwellings hereby approved, samples of walling and roofing materials shall be submitted to and approved in writing by the Local Planning Authority. The approved materials shall then be used to construct the proposed development.

Reason: In the interests of visual amenity and to accord with Policy LP24 of the Kirklees Local Plan and the guidance contained within Chapter 12 of the National Planning Policy Framework.

4. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order (with or without modification)) no development included within Classes A through E of Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority.

Reason: In the interests of visual amenity and to avoid overdevelopment in accordance with Policy LP24 of the Kirklees Local Plan and the National Planning Policy Framework.

5. Notwithstanding the submitted plans and information, before development commences on the superstructure of the dwellings hereby approved, full details of all boundary treatments shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be completed in accordance with the approved details before the dwellings are first brought into use and thereafter retained.

Reason: In the interests of visual and residential amenity and to preserve the character and openness of the adjacent Green Belt land in accordance with Policies LP24 and LP59 of the Kirklees Local Plan, Principles of the Housebuilders Design Guide SPD and Chapters 12 and 13 of the National Planning Policy Framework.

6. Before the development is brought into use, all works which form part of the sound attenuation scheme as specified in the Report of Sound Measurements and Recommendations authored by S & D Garritt Ltd dated 23 August 2022: a) shall be completed; and b) written evidence to demonstrate that the specified noise levels have been achieved shall be submitted to and approved in writing by the Local Planning Authority. If it cannot be demonstrated that the noise levels specified in the aforementioned Noise Report have been achieved, then a further scheme shall be submitted for approval of the Local Planning Authority incorporating further measures to achieve those noise levels. All works comprised within those further measures shall be completed and written evidence to demonstrate that the aforementioned noise levels have been achieved shall be submitted to and approved in writing by the Local Planning Authority before the development is first brought into use.

Reason: To protect the amenity of occupiers of the proposed development from noise or disturbance from nearby noise generating premises to accord with the aims of Policies LP24 and LP52 of the Kirklees Local Plan and Chapters 12 and 15 of the National Planning Policy Framework.

7. Before the development is brought into use, details of an acoustic barrier (as recommended in the Report of Sound Measurements and Recommendations authored by S & D Garritt Ltd dated 23 August 2022, shall be submitted to and approved in writing by the Local Planning Authority. The details shall include:

- A plan showing the location of the barrier
- The minimum height of the barrier relative to the adjacent ground level
- The construction specification of the barrier including the barrier support structure, the barrier material, the minimum barrier thickness, the minimum density of the barrier material and the details where the barrier meets the ground.

The use hereby approved shall not commence until the construction of the acoustic barrier has been completed and the barrier shall be retained and maintained thereafter.

Reason: To protect the amenity of occupiers of the proposed development from noise or disturbance from nearby noise generating premises to accord with the aims of Policies LP24 and LP52 of the Kirklees Local Plan and Chapters 12 and 15 of the National Planning Policy Framework

8. Before the development is brought into use, the approved vehicle parking areas shall be surfaced and drained in accordance with the Communities and Local Government; and Environment Agency's 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or superseded; and thereafter retained throughout the lifetime of the development.

Reason: In the interests of amenity and highway safety, to ensure adequate space within the site for vehicle movements and parking that is appropriately drained, in accordance with the aims of Policies LP21, LP22 and LP28 of the Kirklees Local Plan and the aims of the National Planning Policy Framework.

9. Before the development is brought into use, a bin collection point shall be provided adjacent the site entrance to enable bins to be collected without obstruction to the proposed footway or proposed private driveway.

Reason: To ensure an adequate layout in the interests of highway safety, in accordance with Policies LP21 and LP24 of the Kirklees Local Plan.

10. Development shall not commence until any remediation works and/or mitigation measures to address land instability arising from coal mining legacy, as may be necessary, have been implemented on site in full in order to ensure that the site is safe and stable for the development proposed. The remediation works/mitigation measures shall be carried out in accordance with authoritative UK guidance.

Reason: The undertaking of remedial measures, prior to the commencement of development, is considered necessary to ensure the safety and stability of the development, in accordance with paragraphs 189 and 190 of the National Planning Policy Framework.

11. Before the development is brought into use, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall be submitted to the Local Planning Authority for approval in writing. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

Reason: To ensure the safety and stability of the development, in accordance with paragraphs 189 and 190 of the National Planning Policy Framework.

12. Prior to construction works commencing, a detailed design scheme detailing foul, surface water and land drainage, including agreed discharge rates with the LLFA indirectly or directly to watercourse, attenuation for the critical 1 in 100 + climate change rainfall event, attenuation construction details /design, plans and longitudinal sections, hydraulic calculations, phasing of drainage provision shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall include a risk assessment and method statement, in accordance with CDM Regulations 2015, for access to and into the attenuation structure, and the scheme shall include a maintenance and management plan for surface water infrastructure. No part of the development shall be occupied until such approved drainage scheme has been provided on the site to serve the development or each agreed phasing of the development and retained thereafter.

Reason: This is a pre-commencement condition to ensure measures are incorporated at an appropriate time, to guarantee the provision of adequate and sustainable systems of drainage in accordance with Policy LP28 of the Kirklees Local Plan.

13. Prior to construction works commencing, an assessment of the effects of 1 in 100-year storm events, with an additional allowance for climate change, blockage scenarios and exceedance events on drainage infrastructure and surface water run-off pre and post development between the development and the surrounding area (both upstream and downstream of the development), shall be submitted to and approved in writing by the Local Planning Authority. No part of the development shall be brought into use (dwellings shall not be occupied) until the works comprising the approved scheme have been completed and such approved scheme shall be retained thereafter.

Reason: This is a pre-commencement condition to ensure measures are incorporated at an appropriate time, to guarantee the provision of adequate and sustainable systems of drainage in accordance with Policy LP28 of the Kirklees Local Plan.

14. Remediation of the site shall be carried out and completed in accordance with Remediation Strategy Report by Rogers Geotechnical Services Ltd dated March 2023 (Ref: C1913/23/E/5135). In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Reports is identified or encountered on site, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

15. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy a Verification Report by a suitably competent person shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as the remediation measures have been completed for the site in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Verification Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 189 and 190 of the National Planning Policy Framework

16. Before any landscaping works take place, a landscape plan (hard & soft landscaping) shall be submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in complete accordance with the approved details before the development is first brought into use, and shall be retained thereafter.

Reason: In the interests of visual amenity and to preserve the openness of the adjacent Green Belt, in accordance with Policy LP24 of the Kirklees Local Plan and guidance contained within Chapters 12 and 13 of the National Planning Policy Framework.

17. Before the development is brought into use, a scheme of electric vehicle recharging points meeting at least the following minimum standard for numbers and power output shall be installed:

- A Standard Electric Vehicle Charging point providing a continuous supply of at least 16A (3.5kW) for each residential unit that has a dedicated parking space Charging points installed shall be retained thereafter.

Reason: In the interest of supporting and encouraging low emission vehicles, in the interest of air quality enhancement, to comply with the aims and objectives of Policies LP20, LP21, LP24, LP51, and LP52 of the Kirklees Local Plan, Principle 18 of the Housebuilders Design Guide SPD, Chapter 9 of the National Planning Policy Framework, and the West Yorkshire Low Emission Strategy (WYLES).

NOTE: All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2021. Reports must be prepared in accordance with the following guidance:

- Land Contamination Risk Management (LCRM)
- BS 10175:2011+ A2:2017 Investigation of Potentially Contaminated Sites. Code of Practice
- Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020 by the Yorkshire and Lincolnshire Pollution Advisory Group.

NOTE: Any retaining features affecting the highway will require formal technical approval by the Council as the Highway Authority. Please contact Farhad Khatibi (Team Leader) on 01484 221000 who will be able to advise you of the necessary requirements in more detail.

NOTE:

- A Standard electric vehicle charging point is one which is capable of providing a continuous supply of at least 16A (3.5kW). A 32A (7kW) is however more likely to be futureproof.
- Standard charging points for single residential properties that meet the requirements specified in the latest version of "Minimum technical specification - Electric Vehicle Homecharge Scheme (EVHS)" by the Office for Low Emission Vehicles will be acceptable. Basically, charging points that provide Mode 3 charging with a continuous output of least 16A (3.5kW) and have Type 2 sockets would be acceptable.
- The electrical supply of the final installation should allow the charging equipment to operate at full rated capacity.
- The installation must comply with all applicable electrical requirements in force at the time of installation.

NOTE: The granting of planning permission does not override any private legal rights or consents that may be required. It is the responsibility of the applicant / developer to ensure that all appropriate consents are in place prior to any development commencing; during the period of construction existing access for neighbouring properties is maintained; and no damage is caused to the access driveway or surrounding properties.

NOTE: The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

NOTE: Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

NOTE: To minimise noise disturbance at nearby premises it is generally recommended that activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

- 07.30 and 18.30 hours, Mondays to Fridays
- 08.00 and 13.00hours, Saturdays
- With no working Sundays or Public Holidays

In some cases, different site-specific hours of operation may be appropriate. Under the Control of Pollution Act 1974, Section 60 Kirklees Environment and Transportation Services can control noise from construction sites by serving a notice. This notice can specify the hours during which the works may be carried out.

Plans and Specifications Table:

Plan Type	Reference	Revision	Date Received
Plans and details pursuant to 2023/90171			
Location Plan	OS2	-	18/01/2023
Topographical Survey	S9164	-	18/01/2023
Existing & Proposed Site Sections	P2	A	18/01/2023
Existing Floor Plans & Elevations (Farmhouse)	S1	-	18/01/2023
Block Plan	P7	C	18/01/2023
Site Plan	P10	D	19/05/2023
Landscape Proposals	WF-01-23	-	10/03/2023
Proposed Floor Plans & Elevations (Unit 4)	P11	E	19/05/2023
Planning Statement	-	-	18/01/2023
Structural Survey Report	HD-S22-0506	-	18/01/2023
Phase I Desk Study	P18-00854	-	18/01/2023
Phase 2 Geo-Environmental Report	C1913/21/E/2940	-	18/01/2023
Gas Monitoring Letter	C1913/23/E/5097	-	05/04/2023
Phase 3 Remediation Strategy Report	C1913/23/E/5135	-	05/04/2023

Plan Type	Reference	Revision	Date Received
Coal Investigation	C1913/21/E/3053	-	18/01/2023
Noise Report	Report of Sound Measurements and Recommendations by S&D Garritt Ltd. Dated 23rd August 2022	-	18/01/2023
Drainage Report	7993L001	-	18/01/2023

Bat Mitigation Measures Letter	1759-031122/TFMB	-	18/01/2023
Report of Bat Watching Brief Undertaken	1759-281122-TF/PB	-	18/01/2023
Plans and details pursuant to 2024/91088			
Unit 3 Farm House – GA Drawing	12	E	25/06/2024

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. Revised drawings were submitted by the applicant's agent which were considered acceptable.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant, can you please ensure the applicant is aware of this requirement. Contact Building Control on Telephone: (01484) 221550 for more information.

Development within a Coal Mining Area

DEVELOPMENT HIGH RISK AREA - INFORMATIVE NOTE

The proposed development lies within an area that has been defined by the Coal Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:
 - i) 28 days from the date of this notice where the enforcement notice has been served,
 - ii) 28 days of the date of service of the enforcement notice or,
 - iii) the specified period starting from the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 02-Jul-2024

Signed:

David Shepherd
Strategic Director Growth and Regeneration

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at www.kirklees.gov.uk/planning, and by clicking on the 'search and view existing planning applications and decisions' and by searching for application number 2024/70/91088/E.

If a paper copy of the decision notice or decided plans are required, please email dc.admin@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:

E-mail: dc.admin@kirklees.gov.uk
