

Description of Works

Site Address: Fearnley Croft, Gomersal, West Yorkshire, BD19 4NQ

T1 – Beech

The tree in the above image is subject to a neighbour complaint. We are proposing to do a lateral reduction of 3 meters to adequate pruning points on the side of the neighbours property this is due to the tree leaning towards the neighbours property therefore, the lateral reduction will balance out the tree by reducing the weight on this side. The tree is towards 8 & 10 Kirkstone Drive.
