<p>We live at _____, which is not shown on your plans, as it was built only in 2023, however, my objection to the plan is that the house next to our boundary is very close, and I feel that a lesser number of dwellings would be more appropriate, as this would give the incoming house owners and ourselves greater privacy.</p> <p>I would suggest that 3 houses along the back of the site would be far more acceptable.</p> <p>I agree with other objectors that the traffic on Marsh Lane is already quite heavy and that these new dwellings would add to this problem and also believe that the situation at the local school, which, I understand, is already fully subscribed, and at the local Medical Centre should be considered.</p>
