

Subject: 2024/91209- 17 Woodview extension plans

Good morning,

I have been in touch numerous times regarding planning made by 14 Woodview. My property is directly behind 14 Broombank.

I would like Molly Storer to get in touch asap.

My concerns include, directly seeing into my garden, leaving no privacy, blocking sunlight into my garden (reason we purchased the property), concerns around the closeness to my fence.

Look forward to hearing from someone asap. I have already seen on the Planning application search that NO appeals have been submitted. I'm surprised as I am not in agreement of what they are doing as they and planning officers have made no contact to discuss.

Look forward to some contacting me as soon as possible.

Yours sincerely,
