Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

Flemming House, (Childrens Home name for this purpose) is currently a substantial 5 bedroom residential dwelling that we have a application with Ofsted to use a 3 bedded childrens home.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

Fleming House is a normal substantial, 5 bed residential home set back on a normal street with ample ground and parking on site. The home will at its maximum look after 3 children from local authority care, likely from Kirklees given its location and our exiting relationships with Kirklees and the request from Childrens Services Directors need for more local homes within the authority to care for its children in need.

The children we work with usually stay for 2-3 years until their needs and been addressed and then step down to foster care, or back to parents if possible.

The core staff team of up at maximum 9, will support and care for these children. There will be, at maximum 3 staff on shift each day, for 24h periods on a rolling rota patter. They will not live at the home, but will rotate on daily basis, with a maximum 2 sleep-in in at any one time.

It is my view that the proposed change would not constitute a material change in the use The Cottage, and as such would not amount to a development as defined within Section 55 of the Town and Country Planning Act 1990 (as amended) and would therefore be lawful pursuant to section 192 of the Act.

With respect to the Authority, is the applicant and/or agent one of the following:

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
