<p>1. My husband + I moved to Stocksmoor because it is a small village - an additional 50 houses makes a major contribution to the number of dwellings in the village - you are effectively building a small estate - quite simply it is too many + detrimentally changes the nature + character of the village for ever - there is no other part of the village where we have 50 houses tagged onto the end of the village</p> <p>2. I do not like the design + style of the proposed dwellings - they quite simply look characterless + like a cheap build - they have tiny gardens + they are too cramped in</p> <p>3. I am semi retired + an active cyclist + walker - I regularly walk from Stocksmoor down Shepley Road to Stone Wood Lane - I have friends in Shepley I walk to visit them + I have a dog so I regularly walk down to Stone Wood Lane to go into the woods - there is already enough traffic on that particular rat run + nowhere to stand with a dog when there are cars / vans coming - I am concerned that your proposed development would significantly increase the traffic on those lanes + be particularly more dangerous for pedestrians + cyclists</p> <p>4. We should be working to conserve such green spaces - that is a beautiful green field + I enjoy walking past it</p>
