I need frequent access to my doctor's surgery on Jos Lane. I go by taxi and they always use Shepley Road. There just is not room for 50 plus more cars on that narrow, twisting footpathless road. Even the much longer way to Shepley via Dam Hill is still narrow and parked up near the top. Stocksmoor roads are already bad enough so that I dare not use a mobility scooter and my life is restricted. Do not make it worse.
