<p>This area in my opinion isn't suitable for building homes for the following reasons. It's an extremely dangerous road and the entry to this site is on a dangerous bend . It's a national cycling route and extra cars vans etc will be very dangerous for both cyclists and pedestrians off which there are numerous.</p> <p>Wild life off on this site includes Deer which we see regularly Barn owls which are in decline.</p> <p>Other species of wild life which are too numerous to mention.</p> <p>This is a rural village with no amenities a bus every 2 hours a train service that is hit and miss .</p> <p>Which in turn will mean more traffic on these already busy roads creating more accidents more congestion more pollution.</p> <p>Local schools don't have room for more children so they are going to have to go to schools out of the area which will stop them getting to know others in our village.</p> <p>These homes will change the whole structure of our lovely community and not for the better.</p>
