Thank you for sending me a copy of your letter to Planning regarding the scheme to build 50 houses in Stocksmoor. My colleagues John Taylor and Richard Smith are actively engaging with residents about this.

I wear two hats here. I am ward Cllr, but I also sit on the Strategic Planning Committee, and there is a strong possibility that this scheme could come to that committee for decision. It is an important part of being a committee member that I do not prejudge an issue, and that I enter into any debate with an open mind. Were I to make any comments which could be read as contravening this principle, I could be prevented from debating or voting on the application.

That being the case, I note your concerns without comment.

Cheers, Bill
