**Categories:**

I would like to object to this plan as follows:

- This development is on the bend of a dangerous narrow road.
- This road winds down to a very narrow, bendy road which is already difficult to pass though. In the other direction is a small crossroads already given to accidents and a child was killed here in the past.
- There is little public transport here meaning that the numbers of cars will increase hugely exacerbating the above points.
- This is an area used for walkers. There is no pavement leading down to Stone Wood on this already narrow road.

Thank you
