<p>There are three reasons why the location of this development is inappropriate:</p> <p>1) The road that will be used as a main thoroughfare by residents to access amenities (doctor, dentist, co-op, hair dresser, school, etc) is single-track and already struggles with existing levels of traffic. Additional traffic will be dangerous and lead to long queues during rush hour.</p> <p>2) Additional traffic on the road and light and noise pollution from the development will affect wildlife in the forest.</p> <p>3) The development will put additional stress on already stretched services in Shepley, including the GP, school and dentist where many existing local residents already can't get spaces and a further two ongoing developments between Shepley and Shelley are going to further pressure these provisions.</p>
