<p>I have no basic objection , in principle, to the provision of additional affordability housing accommodation in the Stocksmoor area. However, I most strongly object to this planning application. There appears to an almost total lack of informed consideration of the urgent need to review and update the adequacy of all existing: highways infrastructure, water and sewerage infrastructure, surface water drainage systems, schools and medical facility provision, local amenities, and local transport services to support such a large envisaged increase in the village population.</p>
