Dear Sirs,

I am writing to object to the above planning application. I would like to draw your attention to the following points:

1. The building of so many new houses in Stocksmoor will completely swamp that part of the village.
2. The road down Stone Wood has only few passing places and would be completely unsuitable for traffic accessing Shepley.
3. There would be an increased amount of traffic on all surrounding roads which are already busy enough.
4. Is there sufficient room in the local schools for more children?
5. There would be an increase in the numbers needing to access the local doctors. It is difficult enough at present to get a doctor's appointment
6. What about the infrastructure and will the drains have sufficient capacity?
7. Finally, it was mentioned that there is adequate transport! Not really, a bus every two hours and a train every hour if and when they run.

Yours faithfully
