Dear Sir/Madam

I want to register my strong opposition to this development for several reasons.

As a resident of Shepley I can say that the drive through Stones Wood to Stocksmoor is already difficult, with narrow points meaning cars have to back up often to allow passage through. It's unlit at night which makes it even harder. Without widening the road for its full length there are bound to be more accidents.

Stocksmoor has no doctor or dentist or school. It's already difficult for the existing residents of both villages to access these - the additional 50 homes proposed would further impact these services which are already at breaking point.

There are already 2 additional housing estates at Shepley under construction - we simply cannot take more people without better facilities.

It would be madness to approve this.

Thank you for listening.
