Dear Sir/Madam

As a local resident I am writing re. the proposed housing development in Stocksmoor village. This is a totally unsuitable site for this size of development. No thought has been given to local services ie doctors, schools and also the problems which an additional 100 cars will bring to the local narrow roads and the safety of children in the area. There will also be a big impact on the local wildlife in the surrounding area. Surely we should be looking at better use of brown sites rather than destroying our local countryside?

Yours faithfully
