<p>The building of so many houses will completely swamp the village of Stocksmoor. The road down Stone Wood is unsuitable for increased traffic and the surrounding villages would have increased traffic.</p> <p>Is there sufficient room in the local schools for more children?</p> <p>Are the local doctors able to handle more patients?</p> <p>What about the local infrastructure and drain capacity?</p> <p>It was mentioned that there is frequent transport! Not really. A bus every 2 hours and a train every hour if and when they run. This application should be denied.</p>
