<p>Inappropriate development The increase in housing by up to 50 houses increases the housing number by over 25% seems excessive as there has recently been new development in the village. The development does not reflect the character of the village</p> <p>Residential Amenity Provision of access to green space and recreation facilities are limited</p> <p>Highways Access to the site is poor coming onto a narrow minor road on a bend with poor visibility. Both Shepley Road and Fulstone Road are single track roads with only informal passing points. Access to the village is by minor roads and will further increase "rat running" through the adjacent villages. Public transport is poor to non existent so access to health and dental care, pharmacy and shops will have to be by car, again increasing journeys on narrow minor roads</p>
