<p>I strongly object to this proposed development. It does not meet the requirements for a sustainable development for the following reasons.</p> <p>It would destroy an area of beautiful green belt, that borders ancient woodland and is home to an array of wildlife.</p> <p>It would substantially increase traffic around the village, as there is very limited public transport and no amenities in walking distance.</p> <p>The traffic would have a huge negative impact on those living in the village and they would also suffer from noise pollution and the loss of views and light.</p> <p>There appears to have been very little consideration in terms of sustainability in this application and I urge you to refuse planning permission.</p>
