| I object to this development. It is not at all sustainable and is in a wholly unsuitable location. The village of Stocksmoor has no nursery, schools or shops so every journey is made by car, which would mean a huge increase in traffic. The public transport is very limited and the roads to neighbouring villages do not have pavements so walking is not an option. |                              |
