<p>I strongly object this proposal. My mother lives in Stocksmoor so I regularly go to visit with my we love to go walking in the surrounding fields and woods. Building so many houses is going to have a massive negative impact on the local wildlife and beautiful green spaces. Not only this but there simply isn't the infrastructure to support so many extra people and vehicles, on a single track road through ancient woodland. Lets preserve the natural habitats of thousands of creatures and keep Stocksmoor the peaceful place that we all love.</p>
