<p>I am objecting to the development for the following reasons.</p> <p>As a young person (26 years old) I have lived in the beautiful village of Stocksmoor all my life and can't imagine the terrible impact a development of this size will have on the village.</p> <p>We live at the Fulstone side of the village and regularly visit family at the Shepley side next to the proposed development. In my opinion the development should be blocked due to dangerous access and the impassable road to Shepley which gets heavily impacted by congestion at peak times.</p> <p>One of the things I value most about the village is the open green space. I understand the need for new housing, but please find alternative sites rather the destroy this beautiful village.</p>
