<p>I wish to register my strong objection to this development.</p> <p>The building of 30 houses adjacent to a precious piece of woodland would severely impact biodiversity – increased noise, dust and light pollution would have an irreversibly negative impact on the area.</p> <p>The access to the proposed site is onto Stone Wood Lane, an already overloaded, narrow road with limited passing points.</p> <p>Nearest local services are in Shepley via Stone Wood Lane – the increase in traffic would be significant.</p> <p>There are other developments underway in Shepley providing new housing and increasing demands on local services.</p> <p>Stone Wood is precious – Stockmoor is a quiet village - this development is entirely inappropriate.</p>
