Objection to Planning Application 2024/62/91242/E

To Whom it May Concern:

My grandma lives on Station Road in Stocksmoor. I am 26 years old and have spent many happy times at her house over the years.

I have several points to make:

The site of the planned development is a beautiful green space, which adds to resident well-being and is home to a lot of wildlife which will be destroyed if the development goes ahead.

The access point is on a narrow road/bend which will increase the likelihood of road accidents.

50 houses and the additional vehicles that would bring would make the area more dangerous for pedestrians, domestic and wild animals.

I do not want my family and the people of Stocksmoor to see the village we all love changed beyond recognition.

Yours faithfully,
