Subject: 2024/62/91242/E. Planning Objection

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Afternoon,

My name is _____, 30 years old. I am writing to you to register my objection to the proposed development in Stocksmoor. My grandmother lives at _____ station road and the development will be directly behind her house and clearly visible from the rear side of her property. I strongly believe that this will directly and negatively impact her quality of life. She is in her late _____. The noise created from such w development will cause her huge amounts of stress and impact her ability to be able to relax in her own home. On top of this the wonderful view that we as a family have enjoyed will be destroyed and ruin her home that she has lived in for over 40 years. This will also affect the resale value of the property, as if the planning goes ahead and she needs to move, the sale of the house would be significantly harder as no one will want to buy a house where there is ongoing development. The aesthetic damage to this small county village would make it almost unrecognisable. The proposed narrow entrance road is also going to make road accidents more likely. The habitat loss is also of large concern as the field is habitat for many insects such as bees that are vital for our environment and the now endangered hedgehog. Please consider these points carefully.

Kind Regards,
