<p>The site is completely unsuitable for such a massive housing development. The access for residents would be on a blind bend which is far too dangerous. Additionally, traffic on Shepley Road through Stones Wood would increase. Shepley Road is completely unsuitable for frequent traffic due to it being very narrow with few spaces where cars can pass. It would also consequently increase traffic through Shepley itself. Local amenities would not be able to cope with such an increase in residents. Stocksmoor and Shepley are small communities and this large development would have a negative effect on the rural aspect of the area.</p>
