<p>Impact on highway safety and traffic is my issue. I have lived in the village as a student and used the train every day to go to college. I am now employed and drive down Shepley Road / Stones Wood Lane at least twice a day and it is already a difficult route. Every week I encounter other drivers coming in the opposite direction and have to reverse up or down hill. If there are several cars it can be very dangerous.</p> <p>I am shocked to see that the entrance to this development is on Shepley Road / Stones Wood Lane. Insurance premiums for young drivers are very high and increasing the likelihood of accidents is a concern to me. Young drivers are monitored by their insurance company and constant braking and reversing on main roads is detrimental to premiums. I can see that this issue will be worse if more houses have access to this road.</p> <p>I also carefully walk my dog down this road and I don't think this would be advisable if there were significantly more cars using it. It is a lovely part of the area to use for wellbeing and relaxation and I think it would be spoilt by more traffic pollution.</p> <p>I object to the whole development and would hope it is dismissed.</p>
